

## **Masking Optional Effective Monday March 14th**

The CDC recently updated its COVID prevention guidelines. Counties were categorized as low, medium, or high risk. Montgomery County has been determined to be in the low risk category. The CDC does not recommend that masking indoors is generally needed in such areas. Based on this CDC guidance, as well as additional data, the COVID Task Force recommended, and Trinity Council approved, making masking optional for Worship, for other activities in Trinity's buildings and for TCNSK effective Monday March 14, 2022. Naturally, masking may be reinstated should circumstances warrant.

All Trinity members are asked to be patient and understanding of other members as this change will prove concerning for some to varying degrees. Please give each other the space needed both figuratively and literally as we all adjust. Naturally, if you are more comfortable to continue masking, please do so.
