4s April 2024 Mrs. Booz and Miss Michele
THINK SPRING!

We are looking forward to spring like weather! Even the rain will be wonderful, we need it to make the grass green and the buds on the trees grow. But we request rain at night ☺ so we can feel the sun warm us on the playground and listen to the birds chirping during the day. The children and we teachers are learning every day, about each other and growing together in such amazing ways. We are so lucky to experience their kindness toward us and one another as well as expanding their abilities to problem solve and talk to one another in work and play.

They are using their hands to discover Math and letter formation and helping each other spy all kinds of things on our Eye Spy game, they love it!

April will bring more spring activities, planting, and butterflies and lots of learning and play...hurray!

We had some exciting things happen in March, watching live action hatching of our chicks and we got to hold them! We made shamrocks and rainbows, dyed Easter Eggs and we celebrated the new life spring brings.

We have some fun things planned for this month too. We will make things that fly and see how plants and butterflies grow. We are working on more patterns and math "problems"

Themes For April

Butterflies, New Life with Plants, Planting and Flowers, Mat Man, Flight

Please have your children wear a Coat/Jacket every day, it's the "Windy Ridge" around here!
We can always shed layers as it gets warm!
