

April Classroom Times

Mrs. Cheryl Sharadin's and Mrs. Hook 's 4s

Welcome Spring! It's hard to believe it is already April. We are looking forward to outdoor recess. The boys and girls have been observing signs of spring, the birds and their individual bird song, the buds on the trees and the daffodils sprouting. It's been fun seeing their excitement as we walk to the playground and observe signs of spring, or if they see a bird perched on the windowsill outside our classroom window. They will be participating in a scavenger hunt looking for signs of spring. Later in the month we will be observing the life cycle of butterflies. We also will be charting rainy days in April. The boys and girls will be participating in a fun reading project. Your child will have an opportunity to share a favorite book with their classmates during circle time. Details of the project will be sent home soon. As we review numbers, your child will have an opportunity to fill an estimating jar that they will bring home and return to school. It's a fun way to review numbers, counting, and estimating. We will also be playing some number games.

Thank you for all your generous contributions to help with Easter party...the boys and girls had a wonderful time!

Things We are Learning this Month

Letters X, Y and Z
Review numbers 1-20
Discovering Signs of Spring
Life Cycle of a Butterfly
Planting
