April 2025 Mrs. Booz and Ms. Michele 5 day 4s class

## THINK SPRING!

We are looking forward to spring like weather! Even the rain will be wonderful, we need it to make the grass green and the buds on the trees grow. But we request rain at night ☺ so we can feel the sun warm us on the playground and listen to the birds chirping. The children and we teachers are learning every day, about each other and growing together in such amazing ways. We are so lucky to experience the kindness toward us and each other as well as seeing their expanding abilities to solve problems and talk to one another in work and play.

The children are working with their hands to discover Math and letter formation and help each other spy all kinds of things on our Eye Spy game, they love it! April will bring more spring activities, planting, caterpillars and butterflies and lots of learning and play.

We had some exciting things happen in March, watching live action hatching of our chicks and we got to hold them! We made shamrocks and rainbows.

We have some fun things planned for this month too. We will make things that fly and see how plants and butterflies grow. We are working on more patterns and math "problems".

## Themes For April

Butterflies, New Life with Plants, Planting and Flowers, Flight

Please have the children wear a Coat/Jacket every day, it's the "Windy Ridge" around here! We can always shed layers as it gets warm!

Please Send in 10 filled plastic Easter Eggs, no name needed on the eggs. Please add something interesting that will fit inside- nothing with nuts please.
