

April 2025 Classroom Times

Mrs. Cheryl Sharadin's 4s

Welcome Spring! It's hard to believe it is already April. We are looking forward to outdoor recess. The children have been observing signs of spring, the birds and their individual bird songs, the buds on the trees and the daffodils sprouting. It's been fun seeing their excitement as we walk to the playground and observe signs of spring, or if they see a bird perched on the windowsill outside our classroom window. They will be participating in a scavenger hunt looking for signs of spring. Later in the month we will be observing the life cycle of butterflies. We also will be charting rainy days in April. The children will be participating in a fun reading project. Your child will have an opportunity to share a favorite book with their classmates during circle time. Details of the project will be sent home soon. As we review numbers, your child will have an opportunity to fill an estimating jar that they will bring home and return to school. It's a fun way to review numbers, counting, and estimating. We will also be playing some number games in class this month.

*We will be having an Easter Egg Hunt on Friday, April 11th. Please send in six plastic Easter eggs filled with treats for your child. Label each egg with their name and please tape around the seal. We will also be having an Easter party. I will be posting a sign-up for treats needed. Thank you for donating!

Things We are Learning this Month

Letters Y and Z
Numbers 15, 16, 17, 18
Discovering Signs of Spring
Life Cycle of a Butterfly
Planting
Easter

Upcoming Events
